**FOR ALL OF YOUR ALASKA REAL ESTATE NEEDS**

Although she is a transplant to the Kenai Peninsula, Vicki has lived in Alaska the majority of her life, including Wasilla, Valdez, Ketchikan and logging camps throughout Southeast.

With her children raised and now adults, Vicki is excited about rekindling a career in real estate. Her prior experiences include occupations as a real estate associate for 7 years in Ketchikan and Portland, Oregon.

Not surprisingly, her joys in life (aside from her five children, 8 grandchildren, and husband of 20 years) are fishing, hunting, growing things, and pretty much all things outdoors.

Professionally speaking, Vicki believes customer service is job number one and has learned that hard work to get the job done is the ultimate reward. She will not be satisfied until her customers are satisfied.
